

Crossroads Education

Collaborate. Innovate. Educate.

Position:

XR Math Coach

Location:

Gary, Indiana

Background:

Crossroads Education's mission is to increase equitable access to quality education. One of the ways that Crossroads aims to accomplish this mission is through the deployment of XR Math Coaches. XR Math Coaches facilitate math instruction by ensuring that students are connected and engaged with their online curriculum, fostering an environment of peer to peer collaboration, connecting students to Crossroads trained content experts, and supporting social-emotional learning. This position is a great opportunity to positively impact the next generation of learners in your community.

Qualities we are looking for:

- Ability to coach students by motivating and providing guidance
- Creativity and Flexibility
- Patience
- Passion and excitement for education and learning
- Experience working with children in a supervised setting
- Personal accountability and reliability when scheduling and monitoring student progress
- Technology: Proficiency in online communications systems (such as Zoom); proficiency in Microsoft applications such as Word, Excel, Outlook, and PowerPoint

- Strong administrative and organizational skills with effective written and oral communication
- Formal education experience is a plus
- Willing to fulfill requirements to attain a full-time teacher's license

Duties will most likely include:

- Managing a classroom and setting progress goals for students
- Instructing students on how to engage in collaboration and best collaborative practices
- Collaborate with relevant school leaders and teachers
- Provide emotional and educational support to students
- Utilizing Crossroads best practices to create a positive classroom culture
- Connect students with a virtual content expert to support learning
- Help the students get their technology working (for example ensuring the students are connected to the internet for any video lessons)
- Create a consistent and collaborative environment
- Monitoring student progress
- Managing course grades
- Facilitate and manage class curriculum with the support of a virtual assistant and Manager

Certifications/Qualifications:

- Bachelor's Degree
- Candidate will apply for Emergency Teacher's License (post hire)

Employment Details:

- Salary with benefits
- Full-time
- Access to training and certifications

How to Apply:

- Send resume to Marian Bibb: marian@crossroadseducation.org
